OUR MISSION

TO Create world class business platforms that connect industries, foster innovations, and accelerate sustainable growth across India's most dynamic sectors.

OUR VISION

To be among the leading Exhibition Platforms globally.

19 20 21 JUNE 2025 BIEC, Bengaluru, INDIA

▶ Why Industry leaders choose us

360 Exhibition Management

End to end execution covering sales strategy, integrated marketing campaigns, seamless logistics coordination and comprehensive PR Management.

Industry Expertise & networks

Deep sector knowledge backed by strategic partnerships with industry associations, government bodies and leading corporations across India.

Extensive Business Database

Access to a robust network of qualified exhibitors, buyers, and visitors spanning multiple industries and regions throughout India.

Proven Track Record

Successfully delivered impactful exhibitions at premier venues consistently exceeding client expectations.

ABOUT THE EXPO

The event was organized jointly by Karnataka Renewable Energy Solar Manufacturers Association (KRESMA) & Media Day Marketing along with PEERRI (Pride Energy Environment Resource Research Institute) and Media Day Marketing from 19th June to 21st June 2025, at BIEC, Bengaluru.

The India Green Energy Expo serves as a comprehensive platform for stakeholders in the renewable energy ecosystem—manufacturers, developers, technology providers, traders, and consultants—focusing on solar, wind, hydro, and biomass energy. This year's edition will highlight the critical role of renewable energy in accelerating electrification and supporting India's Net Zero targets.

This expo brought together the latest innovations, industry players, and allied sectors, creating opportunities for business development, knowledge exchange, and stakeholder engagement. It was a platform where established companies can expand their reach and visibility, and emerging enterprises can showcase their offerings to a diverse audience.

The event was sponsored by GRIDCO – Department of Energy Government of Odisha and EN-ICON one of India's leading advanced solar solutions provider empowering homes, industries, and communities, making clean and sustainable energy accessible to all. The event is also supported by Rajasthan Solar Association and India Wind Turbine Manufacturers Association while Pride Energy Environment Resource Research Institute (PEERRI) and 6W Research are the Knowledge Partners for the event.

KEY HIGHLIGHTS OF THE EXPO

- A platform for industry leaders to deliberate on the future of renewable energy.
- Seminars, workshops, and panel discussions with experts from government, academia, consulting, and industry.
- Showcasing of innovations, technologies, and sustainable solutions.
- Business-to-business (B2B) and business-to-consumer (B2C) networking opportunities.
- A unified space to explore trends, products, and partnerships.
- Direct engagement opportunities with prospective clients and collaborators.

Some of the key exhibitors in the event included Microtek, Luminous, Amaze, Emmvee, Waaree, Sungrow, Liv Guard, Pom Power, Loom Solar, Goldi Solar, Gautam Solar etc.

The expo showcased the complete range of technology and products ranging across the Renewable Energy industry and has been an excellent one stop destination to explore new business tie ups, engage with the industry experts and find future business partners.

CONFERENCE ON UNLOCKING INDIA'S RENEWABLE ENERGY POTENTIAL

The conference "Unlocking India's Renewable Energy Potential: Policy, Technology, and Investment" with an aim to bring together industry leaders, policymakers, and experts to discuss the latest developments, opportunities, and challenges in India's renewable energy landscape was organized on the 19th and 20th of June 2025 as part of this event.

This Two day power packed conference had prominent speakers from the renewable energy sector and Mr Mizutani, Director General of JETRO was also present as a special guest as part of efforts by JETRO to tap the Renewable Energy market potential in Karnataka.

The conference, explored the policy frameworks driving growth, cutting-edge technologies shaping the industry, and investment opportunities that can propel India towards its ambitious renewable energy targets.

India Green Energy Expo helps the established organizations strengthen and penetrate their brand reach, while the budding firms get exposure and required visibility amid the masses. The India Green Energy Expo is a great opportunity for the stake holders in the renewable energy sector to participate and create business opportunities.

▶ CONFERENCE GLIMPSES

INAUGURATION SCHEDULE

The event will be tentatively inaugurated by Shri Raje Gowda Chairman of KREDL on the 19th of June 2025 at BIEC Bangalore in the Presence Mr Mizutani, Director General of JETRO, Ms Uma Reddy, Sr Vice President - Federation of Karnataka Chambers of Commerce and Industry, Shri Ramesh Sivanna Chairman PEERRI, Shri Surendra Kumar K R, Chairman- KRESMA, Shri AC Eswar Secretary KRESMA, Shri Ventatesh Karnataka State Director, Federation of All India Vyapar Mandal, Members from Rajasthan Solar Association and other industry representatives.

Speaking on the occasion Shri Raje Gowda Chairman of KREDL expressed his happiness on the active participation of many of the solar manufacturers from the state and the presence of big players in the expo making it an platform for promoting the adoption of clean energy in the state. He further said that the conference and event would be creating awareness on Solar Pumping Systems, Roof top solar systems, the Renewable Energy Policies and schemes such as PM Surya Ghar Muft Bijili Yogana during the event and the conference.

Mr Toshihiro Mizutani the Director General of the Japan External Trade Organization (JETRO) in Bengaluru said that he was happy to be part of the event and looks forward to foster partnerships between Japanese and Indian companies. He highlighted India's growing economy and its good ties between both the nations making India a key partner for Japan.

▶ GLIMPSES OF THE EVENT

EXHIBITOR FEEDBACK

It has been a good opportunity for us to explore the Renewable Energy Sector in the state and connect with equipment manufacturers and OEMs from various parts of the country here.

Shri Bipin Chandra Mohapatra

PRO GRIDCO (Renewable Energy Nodal Agency), Energy Dept Govt of Odisha

We have been participating since the first edition of the expo in Bangalore and getting a good response and market visibility from the event

R Mohanasundaram

Director Sakthi Accumulators Private Limited

As members of KRESMA, this event has been very useful for us in terms of lead generation and business growth

Rajath

Nuetech Solar

This event gives us a good boost for our company Branding. Thanks to the organizers. Especially there are so many companies and it gives us a good introduction to local companies here.

APS

EXHIBITOR FEEDBACK

We are here introducing new technologies, Here we are connecting to the people from the industry, we have got people from various state like Kerala, Karnataka, Tamil Nadu and Andhra.

★★★★★
Loom Solar

This is a good market were we can establish our business, this is a good place we can get to the customers and distributors also.

★★★★★
Gautam Solar

This is our second participation in this expo, we have got response and we are thankful to the organizers who have worked really hard for us.

★★★★★
V Sole

We have got very good response from customers.

★★★★★
Versil
